10. SHOES

- The ruling applies to all events across all age groups, the practical difficulties in checking shoes at many events make it probable that detailed checks will only be carried out where Technical Officials or event organizers have doubts about the compliance of the footwear of an athlete, or where such reasonable doubts are brought to their attention.
- Primary responsibility for conformity lies with the athlete. Spot checks may be carried out.
- The list of currently approved shoes can be found at:
[https://www.worldathletics.org/download/download?filename=d881cb47-abe6-4607-93c6-1e5419ba21c3.pdf&urlslug=World%20Athletics%20Approved%20Shoe%20List%20\(as%20at%2010%20February%202023\)](https://www.worldathletics.org/download/download?filename=d881cb47-abe6-4607-93c6-1e5419ba21c3.pdf&urlslug=World%20Athletics%20Approved%20Shoe%20List%20(as%20at%2010%20February%202023))
- The Referee and Technical Officials on duty at the event will be responsible for applying the rule. This may be through observation, spot checking, checking through a Call Room or by protest from other competitors.
- At events where a Call Room is being operated then all checks will be conducted in the Call Room. At other events the Referee and other Technical Officials will take the responsibility to conduct checks, largely determined by observation and protest lodged by other competitors.
- The first check will be to see if the model in question is included on the WA lists of compliant and non-compliant shoes. If that does not resolve the check then it will be necessary to examine the shoe and measure the thickness of the sole.

- The table below shows the thickness of sole currently allowed across the complete range of athletics events.
- To ensure that the most up to date guidance and rulings are followed then check the WA website at: [https://www.worldathletics.org/download/download?filename=d881cb47-abe6-4607-93c6-1e5419ba21c3.pdf&urlslug=World%20Athletics%20Approved%20Shoe%20List%20\(as%20at%2010%20February%202023\)](https://www.worldathletics.org/download/download?filename=d881cb47-abe6-4607-93c6-1e5419ba21c3.pdf&urlslug=World%20Athletics%20Approved%20Shoe%20List%20(as%20at%2010%20February%202023))

Event	Max thickness of the sole	Further rule requirements
Field events (except triple jump)	20mm	Applies to all throwing events and vertical and horizontal jumping events, except triple jump. For all field events the sole at the centre of athlete's forefoot must not be higher than the sole at the centre of the athlete's heel
Triple jump	25mm	The sole at the centre of the athlete's forefoot must not be higher than the sole at the centre of the athlete's heel
Track events (including Hurdles events) up to but not including 800m	20mm	For relays the rule applies to the distance of the leg being run by each athlete
Track events from 800m and above (including steeplechase events)	25mm	For relays the rule applies to the distance of the leg run by each athlete. For race walking events the maximum thickness of the sole is the same as that for road events
Road events (Running and Race Walking events)	40mm	
Cross country	25mm
